Wire tilting 0-30 degrees

Adjustable wire speed by a frequency converter

Foundation plate, size 1800 x 1800 mm

## Technical data

### Main dimensions

Space requirements, max.	ø 5000	mm
Working area, max.	ø 2300	mm
Height of the machine	1850	mm
Weight	800	kg
Cutting width, horizontal, max.	650	mm
Cutting depth, max.	350	mm
Cutting speed	26	m/s
Length of the wire	3700	mm
Wire diameter	8-11	mm
Wheel diameter	ø 350	mm
Worktable	ø 400	mm
Main motor, power	2,2	kW

Kasins is a Finnish specialist designer and manufacturer of specific stone processing machinery and also complete automatic production lines.

Over 30 years design and manufacturing experience coupled with flexibility and close contact with the machinery operators have resulted in numerous bespoke value for money machinery designs.

Kasins utilises the latest high quality base components, cutting edge innovative product designs and latest in-house software technology to produce reliable, accurate, solid, easy to install and operate machines which require minimal maintenance.
